Builders Clean checklist

BUILDERS CLEAN

Whatever your requirements, from a small shop fit, to a large new build property we will be able to help. We have an excellent reputation and have worked alongside many property developers, as well as working in domestic homes, and property renovations.

Our cleaning program would normally start with an initial builders clean.
Our cleaning managers will work alongside Site Managers and Quantity Surveyors to ensure that all areas have been covered, ready for the all important handover.

Builders Clean - Commercial
We tailor our builders cleans to meet individual clients needs, our cleaning managers will work closely with the site managers to ensure 100% satisfaction.
